TAREX BLU 10W-60

SYNTHETIC MOTOR OIL

Product Description:

TAREX BLU 10W-60 gives you the confidence to demand maximum engine performance from sports cars, competition and the latest technology high powered engines which operate under higher pressures requiring an oil with outstanding strength and performance credentials.

Applications:

TAREX BLU 10W-60 has been designed to help providing the extra protection that the racing engines can demand. It is suitable for virtually old and new vehicles' operating conditions as recommended by the relevant OEM.

- Nearly all operating conditions, from mild to extreme
- An ideal product for racing applications

Always consult your owner's manual to check the recommended viscosity grade and specifications for your particular vehicle.

Benefits:

- Maximises short and long term engine performance
- Delivers outstanding levels of protection across a variety of driving conditions and temperatures
- Reduces engine deposits to help maximise engine response
- Proven and tested in world leading supercars

Meet the performance: API SN/CF; ACEA A3/B3, A3/B4; VW 501 01/ 505 00

Technical Data:

TAREX BLU 10W-60	Test method	
API		SN
SAE Grade		10W-60
Density at 15°C gr/cm³	ASTM D 1298	0,88
Viscosity at 40°C cSt	ASTM D 445	160
Viscosity at 100°C cSt	ASTM D 445	21
Viscosity Index	ASTM D 2270	166
Flash point °C	ASTM D 92	235
Pour point °C	ASTM D 97	-32

Above values are the typical values of the products and may vary with each batch.
