## **TARMOND AGRO F426**

### **TRANSMISSION AND HYDRAULIC SYSTEM OILS**

#### **Product Description:**

AGRO F 426 is an extra high performance, multipurpose **Universal Tractor Transmission Oil (UTTO)**, engineered to meet or exceed transmission and hydraulic fluid requirements. This product is formulated for the service top-up and refill of transmissions, final drives, and hydraulic systems of farm and industrial tractors and other off-highway equipments and especially those with oil-immersed brake systems. This product is designed with special frictional characteristics to prevent squawk and chatter noise in wet brake systems to deliver consistent braking performance.

#### **Benefits:**

- Improved low temperature stability
- Helps reduce wet brake chatter noise
- Suitable for most agricultural machinery requirements
- Keeps systems clean and operating smoothly
- All-season performance with consistent hydraulic operations.

**Meets Performance:** API GL-4; Allison C-4; Caterpillar T0-2; Massey Ferguson M-1145; Ford New Holland ESN-MC2-134D; Case MS 1204; John Deere J20C.
