

TAREX 4T PLUS 20W-50

FOUR STROKE HIGH PERFORMANCE MOTOR OIL

Product Description:

TAREX 4T PLUS 20W-50 is a four-stroke high performance motorcycle engine oil designed for lubrication of small four-stroke engines. It combines highly refined mineral oils and high performance additives to prevent build-up of deposits. It provides protection against wear and corrosion. TAREX 4T PLUS 20W-50 performs with excellent temperature/viscosity characteristics and low volatility properties which leads to great lubricity.

Applications:

TAREX 4T PLUS 20W-50 recommended for use in small four-stroke engines; smaller motorcycles, small generators and pumps. It can be used in all applications where an API: SF and JASO: MA level performance is recommended.

Benefits:

- ❖ Excellent overall lubrication at extreme hot and cold conditions
- ❖ Efficient anti-deposit and anti-black sludge power which maintains a clean engine
- ❖ Good corrosion protection
- ❖ High thermal stability and oil oxidation resistance to maintain a high standard of piston cleanliness.
- ❖ Excellent wear protection

Meets the Performances:

API: SF; JASO: MA

Please check your owner's manual for the manufacturer's recommended oil viscosity grade and API classification and approval

Technical Data:

TARMOND	Test method	
API		SF
SAE Grade		4T 20W-50
Density at 15°C gr/cm ³	ASTM D 1298	0.89
Viscosity at 40°C cSt	ASTM D 445	160-170
Viscosity at 100°C cSt	ASTM D 445	18.5-19.5
Viscosity Index	ASTM D 2270	122
Flash point °C	ASTM D 92	230
Pour point °C	ASTM D 97	-32

Above values are the typical values of the products and may vary with each batch.
