

TAREX 4T PLUS 20W-50

FOUR STROKE HIGH PERFORMANCE MOTOR OIL

Product Description:

TAREX 4T PLUS 20W-50 is a high-performance four-stroke motorcycle engine oil designed for the lubrication of small four-stroke engines. It combines highly refined mineral base oils with high-performance additives to prevent the build-up of deposits. It provides protection against wear and corrosion. TAREX 4T PLUS 20W-50 provides excellent temperature/viscosity characteristics and low volatility, resulting in good lubricity.

Applications:

TAREX 4T PLUS 20W-50 is recommended for use in small four-stroke engines such as small motorcycles, small generators, and pumps. It can be used in applications where API SF and JASO MA performance levels are recommended.

Benefits:

- ❖ Excellent overall lubrication under hot and cold conditions
- ❖ Effective control of deposits and sludge, helping to maintain a clean engine
- ❖ Good corrosion protection
- ❖ High thermal stability and oxidation resistance to maintain piston cleanliness
- ❖ Excellent wear protection

Meets the Specifications:

API: SF; JASO: MA

Please check your owner's manual for the manufacturer's recommended oil viscosity grade and API classification and approval

Technical Data:

TARMOND	Test Method	
API		SF
SAE Grade		4T 20W-50
Density at 15 °C, gr/cm ³	ASTM D 1298	0.89
Viscosity at 40 °C, cSt	ASTM D 445	160 - 170
Viscosity at 100 °C, cSt	ASTM D 445	18.5 - 19.5
Viscosity Index	ASTM D 2270	122
Flash Point, °C	ASTM D 92	230
Pour Point, °C	ASTM D 97	-32

Above values are the typical values of the products and may vary with each batch.
