

**TAREX Plus 20W-50**  
**HIGH PERFORMANCE MOTOR OIL**

**Product Description:**

TAREX Plus 20W-50 is a high-performance motor oil for gasoline and diesel engines, developed with carefully selected additives and high-quality base oils. Its advanced additive technology provides maximum engine protection and performance under extremely severe operating conditions. The high viscosity index ensures smooth engine operation. TAREX Plus 20W-50 provides reliable lubrication even at high operating temperatures.

**Applications:**

TAREX Plus 20W-50 is recommended for gasoline, LPG, and diesel engines in cars and vans, especially those operating in hot climates.

**Benefits:**

- ❖ Engineered to help reduce oil consumption in older engines
- ❖ Provides good protection against wear, foam, and corrosion
- ❖ Enhanced anti-wear properties help reduce wear and may lower maintenance costs
- ❖ Effective wear and deposit control for longer engine life and reliable operation
- ❖ Strong thermal stability and oxidation resistance
- ❖ Anti-corrosion and anti-foaming properties, along with high viscosity index and shear stability
- ❖ Detergent and dispersant properties help keep engine parts clean and help prevent black sludge formation and particle build-up
- ❖ Enhanced high- and low-temperature protection under severe driving conditions

**Meets the Specifications:**

API SL/CF; ACEA A3/B3/B4; VW 505/502; MB 229.1

**Please check your owner’s manual for the manufacturer’s recommended oil viscosity grade and API classification and approvals.**

**Technical Data:**

TAREX	Test Method	
API		SL/CF
SAE Grade		20W-50
Density at 15 °C, gr/cm³	ASTM D 1298	0.889
Viscosity at 40 °C, cSt	ASTM D 445	160
Viscosity at 100 °C, cSt	ASTM D 445	18.5 - 19.5
Viscosity Index	ASTM D 2270	126
Flash Point, °C	ASTM D 92	230
Pour Point, °C	ASTM D 97	-30

Above values are the typical values of the products and may vary with each batch.
