

TAREO SERIES

CIRCULATION SYSTEM OILS

Product Description:

TAREO series are general purpose circulation oils made from selected mineral base oils where anti-wear (AW) properties are not necessary. Thermal cracking and oxidation resistance is moderate that results long term use without sludge formation. It can easily be pumpable at low temperatures.

Applications:

TAREO series are recommended for use in hydraulics systems as a circulating oil where high anti-wear property is not required.
