

TAREX BLU 10W-50

FULL SYNTHETIC MOTOR OIL

Product Description:

TAREX BLU 10W-50 is full synthetic motor oil, formulated with a higher viscosity, which provides engine protection under extreme conditions. Developed from synthetic base stocks and high performance additives gives you the confidence to demand maximum engine performance from the latest technology high powered engines. It's active cleansing technology protects engine parts from dirt and sludge. TAREX BLU 10W-50 helps your engine to perform at it's best in all driving conditions.

Applications:

TAREX BLU 10W-50 has been designed to help providing the extra protection that the racing engines can demand. It is suitable for virtually old and new vehicles operating conditions as recommended by the relevant OEM. It can be used in all operating conditions, from mild to extreme and ideal product for racing applications as permitted by the engine manufacturer.

Benefits:

- Maximizes short and long term engine performance
- Delivers outstanding levels of protection across a variety of driving conditions and temperatures
- Reduces engine deposits to help maximize engine response
- Shows thermal stability at very high temperatures
- Provides exceptional anti-wear protection
- Minimizes engine noise for smoother drive

Meet the performance: API SN/CF, ACEA A3/B3-B4, VW 501 01/505 00, MB 229.3

Please check your owner's manual for the manufacturer's recommended oil viscosity grade and API classification and approvals.

TechnicalData:

TAREX 10W-50	Test method	
API		SN - CF
SAE Grade		10W - 50
Density at 15°C gr/cm ³	ASTM D 1298	0.88 – 0.89
Viscosity at 40°C cSt	ASTM D 445	115 - 120
Viscosity at 100°C cSt	ASTM D 445	17.2 – 18
Viscosity Index min.	ASTM D 2270	154
Sulfated Ash, mass %	ASTM D 874	1.2 max.
Total Base Number mgKOH/g	ASTM D 2896	7.5
Flash point °C	ASTM D 92	240
Pour point °C	ASTM D 97	-36

Above values are the typical values of the products and may vary with each batch.
