

TAREX PLUS 20W-50

MULTIGRADE MOTOR OIL

Product Description:

TAREX 20W-50 is a multigrade oil for gasoline and diesel engines, developed from carefully selected additives and high quality base oils. Its latest additive technology provide maximum engine protection and performance under extremely severe operating condition. High viscosity index ensures smooth running of the engine. TAREX 20W-50 provides lubrication protection even at high running temperatures.

Applications:

TAREX 20W-50 is recommended for all gasoline, LPG, diesel engines for cars and vans operating especially in hot climates.

Benefits:

- Engineered to reduce oil consumption in old engines
- Good protection against wear, foam and corrosion
- Enhanced anti-wear properties, reduced wear which can lead to lower maintenance costs
- Effective wear and deposit control longer engine life and reliable operation
- Thermal stability and resistance to oxidation
- Anti-corrosion and anti-foaming capability, high viscosity index and shear stability
- Detergent/dispersant properties to keep engine parts clean and in particular prevent black sludge formation and the built up of particles
- Enhanced high and low temperature protection in severe driving conditions

Meets Performance: API SL/CF, ACEA A3/B3/B4, VW 505/502, MB 229.1

Please check your owner's manual for the manufacturer's recommended oil viscosity grade and API classification and approvals.

Technical Data:

TAREX PLUS 20W-50	Test method	
API		SL/CF
SAE Grade		20W-50
Density at 15°C gr/cm ³	ASTM D 1298	0.889
Viscosity at 40°C cSt	ASTM D 445	160
Viscosity at 100°C cSt	ASTM D 445	18.5-19.0
Viscosity Index	ASTM D 2270	126
Flash point °C	ASTM D 92	230
Pour point °C	ASTM D 97	-30

Above values are the typical values of the products and may vary with each batch.
